

STREAMER PACK

2025
BLUEPRINT

AxielPD 2025 Streamer Pack

Overview:

This pack contains all the basic streaming assets you'll need to get streaming on your favourite platform. From YouTube to Twitch you'll be ready to go in very little time.

Contents:

- Starting Soon Screen
- Main Live Screen
 - Webcam option
 - Non-webcam option
- Be Right Back Screen
- Stream Ending Screen
- Twitch Description Banner

Further logos and assets can be downloaded from the AxielPD [Brand](#) page!

How to use these assets:

We've made it super easy to get streaming ASAP, simply drag the .png files into your streaming software ([Streamlabs](#), [OBS](#) etc) and you're pretty much good to go! Just add your own finishing touches like your streamer name and more!
